●AFTERWORD●

Hello, pleased to meet you. This is Yoshi.

To those who always read my works, and to those picking one up for the first time, thank you very much.

There is a model for "Mayu", the main character of this comic. She is my friend, named "Mayuko"... (the spitting image)

Everytime I talk to her, she gives me all these ideas for stories. (Although well, she doesn't realize that they'll be used as ideas at the time, she's always talking about them quite seriously.)

"I should make this into a comic!" I would think, and it's finally made its way to KC★ (★Kodansha) (mufu)

▲ Since she doesn't drink, she's talking like this while drinking Oolong tea. This is from just a few days ago

With only 2 chapters, I still haven't fully captured her charm yet, so I think I would like to draw her again somewhere

Well then if you will I pray that I will be able to meet you all again ♥

Yoshii Yuu
